Dear Sir:

**Non-Fee Petition Under 37 C.F.R. § 1.181 to Withdraw  
Holding of Abandonment and Re-Mail Office Action**

This petition is filed in response to notification by the U.S. Patent and Trademark Office that the above-referenced patent application has been abandoned for failure to file a timely and proper reply to the Office Action dated June 28, 2006, which set a three month period for reply. This Petition under 37 C.F.R. § 1.181 is to request that the holding of abandonment be withdrawn. As indicated in the attached statement of facts, due to no fault of Applicants, Applicants never received the Office Action, and therefore, did not respond by the six-month final due date of December 28, 2006. Accordingly, the holding of abandonment is improper pursuant to M.P.E.P. § 711.03(c)II. The required showing to establish non-receipt pursuant to M.P.E.P. § 711.03(c)II is provided in the following documents:

1. Counsel's Statement of Facts in Support of Petition to Withdraw Holding of Abandonment.
2. Copy of Notice of Abandonment mailed on January 25, 2007.
3. Copy of the File History Wrapper for Serial No. 10/659,880.
4. Copy of the docket record dated May 26, 2006 through August 24, 2006, where the non-received Office Action would have been entered had it been received and docketed.
5. Copy of returned office action envelope and 1st page of office action, both of which have received stamp dates of July 13, 2006.

As the abandonment of this case was through no fault of the Applicants, it is respectfully requested that a new Office Action be mailed and the date for response to be three months from the mail date of the new Office Action, pursuant to M.P.E.P. §711.03(c)II. It is not believed that any fees are due. However, if it is determined that a petition fee or any additional fees are due, please charge these fees to Baker Botts L.L.P. Deposit Account No. 50-2148.

Respectfully submitted,  
BAKER BOTTS L.L.P.  
Attorney for Applicants

Communicating the Effects of User  
Preference Settings in an Information

Commissioner of Patents  
P.O. Box 1450  
Alexandria, Virginia 22313.1450

Dear Sir:

**Counsel's Statement of Facts in Support of Petition  
to Withdraw Holding of Abandonment**

I am a patent attorney employed with Baker Botts L.L.P. ("Baker Botts"). I am listed as an attorney of record for the above-identified pending U.S. patent application entitled *System, Method And Software For Communicating The Effects Of User Preference Settings In An Information Handling System* filed on September 11, 2003, Application No. 10/659,880 ("the Application"). My residence and place of employment are Austin, Texas, and were so at all times relevant to the Statement of Facts. The following facts relate to the Application.

1. All mail from the U.S. Patent and Trademark Office ("the PTO") received in the Austin, Texas office of Baker Botts is routed to an Intellectual Property mail clerk. The mail clerk opens and date-stamps all received mail, and forwards each office action received from the PTO to the particular paralegal assigned to that case. The mail clerk does not record a log of received mail and therefore no such log is provided; such a log is not required according to M.P.E.P. § 711.03(c)II.

2. After the received office actions are routed to the appropriate paralegals, the paralegals are then responsible for docketing the office actions. For each office action, the response due date is docketed along with any other papers due.

3. According to the file history wrapper for the Application maintained by Baker Botts (*see* Tab 3), the office action for the Application dated June 28, 2006 ("the Office Action") has not been docketed and there is no due date for the response to the Office Action. Also attached is a copy of the docket record where an entry for the Office Action -- which was not received by Baker Botts -- would have been entered had it been received and docketed (*see* Tab 4). The docket record under Tab 4 has been redacted to preserve client confidences. These documents indicate that the Office Action was not received by Baker Botts.

4. A copy of the envelope in which the Office Action was mailed from the PTO, along with the first page of the Office Action, are attached under Tab 5. As seen on the copy of the envelope, the mailing address information is missing from the envelope. As such, the Postal Service could not deliver the Office Action, and the Office Action was returned to the PTO on July 13, 2006 (as stamped on the envelope). The returned envelope -- with no mailing address -- is further proof that Applicants never received the Office Action.

5. As an attorney of record for the Application, I attest that the Office Action was not received by Baker Botts from the PTO. Further, I attest that I have performed a search of the Application's file jacket and all of its contents. The results of the search revealed that the office action was not in the file jacket. This further indicates that the Office Action was not received by Baker Botts.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application for any patent issuing thereon.
